

Letter of Recommendation

June 25, 2014

To Whom it may concern,

As the Channel Sales Program Manager at NetApp, Inc., a network data storage and management solutions that enables virtualization, cloud computing and big data storage efficiency company, I am pleased to write this letter of recommendation for Tony Ngo.

Tony is passionate and detail oriented with everything he worked for. Not only is he able to follow through with projects, but he also made recommendations on how to do things better.

Tony is an expert in business analysis, he is able to understand the gaps and articulate the complex requirements into the functional documents which are of the best quality. He is a solid individual and has a never say 'No' attitude. Apart from being a bridge between Business & IT he never hesitates in helping any side of the project to stretch for the common goal of succeeding in a project. All-in-all, Tony has a great attitude and it would be great to work with him on future projects.

I highly recommend Tony for any position or endeavor that he may seek to pursue. He is a valuable asset for any organization.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeffrey Fang". The signature is fluid and cursive, with the first name "Jeffrey" and last name "Fang" clearly distinguishable.

Jeffrey Fang

Channel Sales Program Manager
